MANSI PANDEY

Lucknow, Uttar Pradesh | **+91-9305528076** |mansipandey217@gmail.com | Portfolio | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Motivated **MCA student** and **aspiring software developer** with a strong foundation in **programming, database management,** and **core computer science concepts**. Skilled in **Java, SQL, and web development**, with **academic project** experience in **full-stack development and AI-based applications**. A quick learner with **problem-solving abilities**, eager to apply **technical knowledge** and contribute to software development projects.

SKILLS

- **Programming Languages:** C, Python, Java, JavaScript
- **Frontend:** HTML5, CSS3
- **Backend:** Node.js, Express.js
- **Databases:** SQL, MySQL
- **AI/ML & Libraries:** Scikit-learn, OpenCV, ONNX Runtime, NumPy
- **Tools and Platforms:** Git, GitHub, VS Code, Flask, Render
- **Concepts:** DBMS, SDLC, OOP
- **Soft Skills:** Problem-Solving, Time Management, Teamwork.

PROJECTS

Our Mart – AI-Integrated Full-Stack E-Commerce Website GitHub | Demo

Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, MySQL, Python, Flask, Scikit-learn, JWT

- Developed a responsive e-commerce website with secure authentication and order management.
- Implemented category-wise product browsing and search functionality.
- Implemented JWT authentication, product filtering, and Razorpay payments.
- Integrated AI product recommendations using TF-IDF and cosine similarity.
- Built a Python Flask AI service integrated with Node.js/Express.
- Deployed the application and AI service on Render.

Real-Time Face Emotion Recognition Project GitHub | Demo

Tech Stack: Python, Flask, OpenCV, Haar Cascade, ONNX Runtime, FER+, NumPy, HTML, CSS, JavaScript

- Developed a real-time facial emotion recognition system for static images and live webcam video using Python and OpenCV.
- Implemented face detection using Haar Cascade and emotion classification using an ONNX model with ONNX Runtime.
- Integrated NumPy and image preprocessing techniques for efficient facial emotion prediction.
- Deployed the Flask-based web application on Render for online access.

ACHIEVEMENTS & CERTIFICATIONS

- BCA Gold Medalist, Babasaheb Bhimrao Ambedkar University.
- Solved 250+ coding problems on LeetCode.
- Participated in the internal Smart India Hackathon (SIH).
- Cloud Computing Fundamentals — IBM SkillsBuild, 2026.

EDUCATION

Master of Computer Applications (MCA)
Institute of Engineering and Technology, Lucknow | 2025-2027
CGPA: 8.46

Bachelor of Computer Applications (BCA)
Babasaheb Bhimrao Ambedkar University, Lucknow | 2022–2025
CGPA: 8.63
